

STOP RCV

THE STATUS OF RANKED-CHOICE VOTING

RCV is harder for voters and election administrators. Yet there is a massive, nationwide lobbying campaign to force RCV into our elections at every level. The Stop RCV coalition is standing up for simple, fair, transparent elections. In 2022 and 2023, five states banned RCV, and three other states came close.

With your help, we can stop RCV.
