

## **Scientific work plan on allergens (project IDEA<sup>1</sup>) 4<sup>th</sup> Annual Review: progress monitoring**

Ground floor meeting room  
**EUROFORUM building (EUFO)**  
10 rue Robert Stumper, L-2557 Luxembourg

**Monday 6 March 2017, starting at 1.30 PM**

### **Programme**

**13.30-13.45**                    **OPENING BY THE COMMISSION (*DIRECTOR DG SANTE C, JOHN F RYAN*)**

The IDEA project, initiated by the fragrance industry, managed by an independent Supervisory Group, is politically supported by the Commission through an annual review. The project's objective, to develop high quality safety assessment tools in the area of fragrance allergens, is of key concern for the Commission.

**13.45 – 14.00**                    **THE IDEA PROJECT AFTER FOUR YEARS (*DR IAN WHITE*)**

The IDEA project is designed to provide a broadly agreed and transparent framework for assessing fragrance sensitizers globally via the development of strong partnerships between the international fragrance industry and its stakeholders. Four years after its official kick-off, this Annual Review should allow monitoring the progress made and identifying the key priorities to be addressed.

**14.00 – 14.45**                    **THE QRA METHODOLOGY UPDATE INCLUDING EFFECTIVENESS ASSESSMENT  
(*DR. IAN WHITE*)**

As in the previous years, significant time and efforts have been dedicated to the revision of the Dermal Sensitisation QRA. The follow-up of the interim report submitted to the EU Commission in 2015 will be presented as well as first considerations on the effectiveness assessment of the methodology.

**14.45 – 15.00**                    **INTEGRATION OF NON-ANIMAL DATA INTO QRA (*DR. MATTHIAS VEY*)**

A summary of the key outcome of a working group meeting focusing on method providing information on potency will be provided.
