

Scientific work plan on allergens (project IDEA¹) 5th Annual Review: progress monitoring

**European Parliament
Building JAN, meeting room 6Q1
Rue Wiertz 60
Brussels**

**Monday 25 February 2019, starting at 3.00 pm
(Welcome at 2.30 pm)**

Programme

- 15.00-15.15** **OPENING BY A MEMBER OF THE EUROPEAN PARLIAMENT (*JULIE GIRLING*)**
The IDEA project's objective is to develop high quality safety assessment tools in the area of fragrance allergens, is of key concern for the European Institutions.
- 15.15-15.35** **THE IDEA PROJECT AFTER SIX YEARS (*PROF. JIM BRIDGES*)**
The IDEA project is designed to provide a broadly agreed and transparent framework for assessing fragrance sensitizers globally via the development of strong partnerships between the international fragrance industry and its stakeholders. Four years after its official kick-off, this Annual Review should allow monitoring the progress made and identifying the key priorities to be addressed. As in the previous years, significant time and efforts have been dedicated to the revision of the Dermal Sensitisation QRA. The status of the IDEA activities on this subject will be covered.
- 15.35-15.55** **UPDATE ON THE STATUS OF AN IDEA SURVEILLANCE STUDY (*PROF. THOMAS RUSTEMEYER*)**
The status of setting up a surveillance project to follow trends in clinical reactions to feedback into the risk assessment and management process will be provided.

¹ IDEA: International Dialogue for the Evaluation of Allergens: www.ideaproject.info

- 15.55 – 16.15** **INTEGRATION OF NON-ANIMAL DATA INTO QRA** (*PROF. JIM BRIDGES*)
Progress on the identification of non-animal approach to provide information on potency.
