# Hive & Pleated!

**You'll love our Hive & Pleated collection, it is bursting with exciting and inspirational fabrics!**

Our trend analysts have been hard at work researching what prints, textures and colours will feature in current and upcoming interior designs.

All of our fabrics are tried and tested to ensure you receive only outstanding, quality fabrics – after all, you deserve the best!

The Hive & Pleated collection boasts a stunning array of classic neutrals, striking hues and bold prints.

# Features & Benefits

**More than just beautiful fabrics...**  
**our collection boasts a range of**  
**extra performance properties!**

**Advanced Solar Control** – This fabric acts as a barrier to heat loss and offers protection from harmful UV rays.

**Blackout** – For when additional light control is required in places such as a child's bedroom.

**Fire Retardant** – Gives peace of mind for areas where flames may be present.

**Anti-Static** – Repels dust ensuring your blind stays fresher for longer.

**Moisture Resistant** – Prevents the collection of dampness, stopping mould forming. Perfect for blinds in bathrooms and kitchens.

# A Pop of COLOUR

From peaceful pastels to brave brights, colour surrounds us and has the power to really transform a room.

When choosing your perfect blind, think of what you want to bring to the room and how you want the room to feel. Colour can be a strong mood changer. Do you want a bright, bold abode or a crisp, luxurious sanctuary?

Style Studio has a wide variety of colour options to choose from.

*Grid Mulberry*

INFUSION ASC AZURE

.....  
Be timeless  
with  
neutrals!

HIVE SILKWEAVE ELEPHANT

# Classic Neutrals

Tones such as whites, creams, beiges and browns are perfect for a natural environment.

It's also easy to throw in bright interchangeable furnishings to update your home on a regular basis.

Hampton Silver

**Why not** consider sheer fabrics which allow for a seamless blend of light control and style, with soft light penetrating through the fabric – bringing a simplistic and contemporary edge.

CALIA CREAM

# The Dark Side

Dark tones are a sophisticated and contemporary look which can really bring a strong sense of style to a room.

Grey has the power to co-ordinate with warm and cool shades. It is a trend colour that is unobtrusive and can be used with confidence as either a dominant or accent hue. With its blackout qualities, our Halo Blackout Heron is a powerful statement piece.

INFUSION ASC CHARCOAL

HIVE LUSO STEEL

bright colours  
are stimulating  
& beneficial for  
development

HIVE BLACKOUT TEAL

# Be a shade braver with bold hues...

Our Infusion asc range has over 35 colours to help you find your perfect match.

ASC stands for 'Advanced Solar Control' which is a thermal property helping your home remain warmer in winter and cooler in summer.

Infusion asc Azure

Infusion asc Saffron

INFUSION ASC CRIMSON

# Berry-licious

Earthy reds are a defining feature, ranging from Raspberry and Crimson to purple infused tones such as Mulberry and Berry. Introduce Hive Blackout Berry, a strong, sophisticated tone perfect for all seasons.

*Jasmine and Mulberry*

The unique cellular design of Hive holds an insulating layer of air, blocking heat from the sun and helping to improve climate control.

HIVE BLACKOUT BERRY

# Orange is the New Black

Back on our radar, orange has re-emerged as a fiery bright dominating the interior scene. But if you're apprehensive to introduce this bold tone, don't panic!

Pair alongside neutral furnishings giving your room that pop of colour without going overboard.

*Sakura Primrose*

*Infusion asc Terracotta*

# Feeling blue?

Blue is a versatile colour, with different shades creating different vibes.

Cool hues bring a feeling of calmness and serenity, while bright blue brings high energy and vibrancy. Then we have navy, a colour full of sophistication and charm.

*Infusion asc Pale Blue*

*Hive Blackout Denim*

*Ribbons asc Teal*

HIVE DELUXE MIDNIGHT

# Fresh & Energised

Green mimics nature and the correct shade can make a room feel like it links seamlessly to what's outside the window. Darker tones of green represent a feeling of harmony and balance, whereas lighter tones make a room feel fresh and energised!

*Grid Moss*

*Sprinkle sea lime*

HIVE BLACKOUT GREEN

# Textures

## The Mineral Range

A raised textured fabric that absorbs light and conveys a sense of a warm and cosy atmosphere.

## The Harlow Range

A subtle linear textured fabric perfectly suited to any room of the home due to its versatile nature.

## The Silkette Range

A modern, textured fabric pleat with a silk shine throughout. The glimmer design reflects light and opens up a room to give a spacious feel.

## The Reed Range

With a striped raised design, and sheer properties, Reed has it all. The fabric brings a chic look to the window.

## The Mariella Range

With a soft basket-weave texture, Mariella brings a traditional look to your home.

*Harlow asc Silver*

*Mineral asc Fawn*

*Silkette asc White*

*Reed Mocha*

*Mariella Snowdrop*

“  
*The feel, appearance or consistency  
of a surface or a substance.*”

We are drawn to textures. We are tactile creatures after all. Textures add a little something extra to a fabric and are an excellent alternative to a print or design.

We offer a wide selection of textured fabrics for you to choose from.

# We love designs...

Get ready to sparkle and shine with metallic effect blinds.  
Re-define your home with our Ribbons asc or Luxe asc Pleated blinds.

For a more subtle design, we love Grid. Grid takes inspiration from the geometric urban landscape, adding an extra layer to your window without being overwhelming.

*Grid Graphite*

*Luxe asc Iron*

RIBBONS ASC INK BLUE

# ...and prints!

We love prints, and have collaborated with our in house trend experts to bring you the latest inspiration to spruce up your windows.

Meadow Flower asc is a beautiful floral design bursting with colour, ready to make a statement!

For a more subtle burst of botanics, introduce Sakura, a delicate Japanese inspired print available in a selection of colours.

*Sakura Grey*

MEADOW FLOWER ASC SPRING

ENERGY-SAVING ELEGANCE

An improved cellular pleated structure that provides increased heat blocking and sound absorbent capabilities as well as anti-static properties.

The unique cellular design will help trap air in an insulating layer, blocking heat from the sun and helping to keep rooms at a lovely, ambient temperature.

**Hive fabrics are available in Plain, Blackout, Fire Retardant and luxury designs.**

**Hive Plain** is available in a selection of neutral tones that subtly softens the light coming into your room, creating an ambient atmosphere.

**Hive Blackout** is the ideal choice for a room when additional light control is required in your home. The Blackout range consists of neutral and bright tones as well as on trend designs.

**Hive Blackout FR** has all the properties of standard blackout but with Fire Retardant features, creating a safer environment.

*Hive Blackout Teal*

*Hive Plain Black*

*Hive Lusso Walnut*

*Hive Blackout FR Iron*

*Hive Geo Blackout Primrose*

# Luxurious Lusso

*Hive Geo Blackout Titanium*

HIVE SILKWEAVE RAVEN

# senses<sup>®</sup>

**Our Senses system is a slimline system allowing for a flawless finish, that will sit perfectly in your interior design.**

This child safe system comes in 8 rail colours and 6 endcap colours in co-ordinating shades to complete the look.

All of our Hive & Pleated fabrics can be used in conjunction with this system.

The tensioned system can be repositioned simply by lowering or raising the bottom bar.

The integrated cordlock free-hanging system is secured by moving the cord to raise and lower the blind to the desired position.

CHARLOTTE ASC ROSE

# intu<sup>®</sup>

INTU is designed to fully integrate with most window systems, including tilt and turn windows and glazed doors.

INTU blinds have a stylish, curved fascia giving a sleek, modern appearance. The streamlined bottomrail completes the blind with style and elegance.

Our INTU system can be used with any of our beautiful Hive & Pleated fabrics.

Child safe by design, our INTU blind system is completely cord and chain free, and has been designed to fully address concerns over safety, giving you complete peace of mind.

CHILD SAFE  
PRODUCT

## Dress your windows with style

### Multi-Zone

For greater control over light and shade, our Multi-Zone blinds can be more precisely positioned by lowering the headrail whilst raising the bottom bar, to suit your needs.

HIVE PLAIN WHITE

# intu<sup>®</sup> Micro

We have designed a new slimline micro INTU system that allows Hive & Pleated blinds to be installed into compact spaces and bi-fold doors.

The INTU Micro system is child safe and is available in white, brown and anthracite headrail colours.

*Hive Micro White*
