

TimeClock Plus vs. Humanity Time Clock

TCP Software's TimeClock Plus and Humanity Scheduling solutions provide different approaches to tracking time and attendance, depending on your needs. With TimeClock Plus, you can have a wide variety of capabilities that streamline calculations, track multiple locations or jobs, provide flexibility in time management and more. With Humanity's time clock module, you can track the fundamentals of employee labor such as clocking in/out and taking breaks. Whatever your organization needs, TCP Software provides a time-tracking solution that works for you.
