Step 1: Open aspenrecreation.com, Find the sports and Activities/Camps tab, Find the Youth Activities tab, Find the Swimming and Lessons tab

Step 2: Find the lesson that you want to put your child in and click sign up (for example Learn to Swim level 2). (If you do not know which class to put your child in, click on the title to read the description of the lesson or click swim class level description at the top of the class list).

Step 3: Click add to cart then press it again.

Step 4: If you get this message about age here is what to do. (Skip to step 6 if it does not apply to you). Click on the tab with your name and find Update Household. Then click on the button that says Houshold and member update. Then click on add new member under additional family member. Then add your child's information and click save. You get the message about age because there is a rule in place where you must be within a certain age to be in the class.
