## Program Overview

The Restore Louisiana Homeowner Assistance Program provides grant funding to homeowners affected by 2020-21 Disasters to help with repairs, reconstruction, and/or reimburse for repairs already completed.

The program is administered by the Louisiana Office of Community Development (OCD) and funded by the Department of Housing and Urban Development (HUD) through federal appropriations of Community Development Block Grant-Disaster Recovery (CDBG-DR) funds.

Louisiana has been allocated more than \$3.1 billion for all eligible storms:

	DISASTER EVENT ALLOCATIONS	DATE	AMOUNT
1	Hurricanes Laura & Delta	October 29, 2021	\$600 M
2	Hurricane Ida & May '21 Severe Storms + Hurricanes Laura & Delta	March 22, 2021	\$1.27 B
			+ \$450 M
3	Hurricane Ida & May '21 Severe Storms	Sept. 30, 2022	\$800 M

The first step in receiving program assistance is to complete the program survey. The information provided in the survey will help the program phase homeowners for assistance. The deadline to complete the survey was August 1, 2023.

## Homeowner Phase Prioritization Factors

To serve the most vulnerable populations effectively in our state, the program’s phased approach, which is aligned with federal guidance, ensures that the most vulnerable populations are prioritized for assistance.

### Household Income

Households with the lowest income, according to HUD AMI for their area, will be prioritized.

### Homeowner Age

Homeowners over the age of 62 will be prioritized.

### Disabled Household Members

If a household includes a disabled member, it will be prioritized.

### Located in Most-Impacted Parishes

Household addresses located in a most-impacted and distressed parishes will be prioritized.

### Repairs Complete or Incomplete

Households with incomplete repairs will be prioritized.

The phases prioritize homeowners for assistance based on household income, homeowner age, disabled household members, whether the damaged address is in a Most-Impacted parish, and if the damaged address’ repairs are complete or incomplete.

	<p>Based on current funding limitations and federal guidance, to be placed in a phase, you must have:</p> <ol style="list-style-type: none"> <li>(1) owned and still own the damaged home</li> <li>(2) occupied the home at the time of the disaster</li> <li>(3) sustained FEMA IA damages of \$5,000 or greater for repairs</li> <li>(4) NOT received or expect to receive structural insurance payments greater than \$25k</li> </ol>

Based on survey responses and after an environmental review is completed on the damaged residence, the program invites homeowners in Phases 1 – 6 to start a program application for assistance to determine eligibility. Phase 7 eligibility is based on FEMA direct housing participation and other program eligibility requirements.

Homeowners can receive in-person support at mobile locations located throughout impacted areas to assist in completing applications. The calendar of mobile locations is posted at [restore.la.gov/events](https://restore.la.gov/events).

### Eligibility

After the application is submitted, it is reviewed for eligibility. To be eligible for program assistance, homeowners must meet the following requirements:

- Owner occupant at time of disaster event and still maintain ownership through program final project inspection.
- Damaged address was the applicant’s primary residence at the time of disaster event
- Suffered damage as a result of the 2020-21 Disasters
- Eligible structure as determined by program, including single family homes, duplexes, mobile homes and condominiums
- Located in one of 60 disaster declared parishes

### Homeowner Program Steps

Below is an overview of the homeowner journey in the program, from initial survey to reimbursement and/or repair.

<p><b>1 COMPLETE THE PROGRAM SURVEY</b></p> <p>Completing the program survey was the first step in receiving assistance. The deadline to complete the survey was August 1, 2023. Only homeowners who completed a program survey by the August 1 deadline will be considered for program assistance.</p>	<p><b>2 ENVIRONMENTAL REVIEW</b></p> <p>The federally required environmental review is the process of reviewing a project and its potential environmental impact to determine whether it meets federal, state and local environmental standards. The environmental review is conducted without an appointment and from the road or right-of-way.</p>	<p><b>3 START THE PROGRAM APPLICATION</b></p> <p>Qualified homeowners who submitted a program survey and have had an environmental review of their property performed by the program will be invited to start the program application according to their phase. The application may be started on any mobile device, such as a smart phone, computer or tablet, by accessing the link provided in the email sent by the program.</p>	<p><b>4 DAMAGE &amp; LEAD ASSESSMENT</b></p> <p>During a scheduled damage assessment appointment with the applicant, inspectors will use industry standard software to inspect work already completed and to determine a scope of work for prospective repairs needed to complete the home. The program will also send inspectors to test for lead-based paint in homes constructed prior to 1978.</p>
<p><b>5 ELIGIBILITY REVIEW</b></p> <p>The program will review the application and information from third-party sources to determine whether the homeowner meets eligibility requirements for the program. If the program is unable to verify information from third party sources, applicants may be required to submit supporting documentation for program review.</p>	<p><b>6 AWARD DETERMINATION</b></p> <p>After steps 1-5 are completed, the homeowner will receive their calculated grant award which accounts for any duplication of benefits. The homeowner will have 60 days to either accept or appeal their award. Homeowners may also consult with their case manager during this period.</p>	<p><b>7 CONTRACTOR SELECTION</b></p> <p>If a homeowner has remaining repairs or will require reconstruction, during the application the homeowner will choose between <b>SOLUTION 1: Program Managed Construction</b> or <b>SOLUTION 2: Homeowner Managed Construction</b> prior to closing on their grant award. Based on individual conditions at the time of application, applicants can choose the program solution which best fits their own need and capacity to complete their home repair or reconstruction project within the program allotted timeframe.</p> <p>Prior to closing on their grant awards, applicants will be asked to select their contractor based on their previously chosen solution. Applicant will be able to work with their case manager throughout the contractor selection process.</p> <p>Please visit the program Resources page for more information on contractor selection:</p> <ul style="list-style-type: none"> <li>• <a href="#">Solution 1 Reconstruction</a></li> <li>• <a href="#">Solution 2 Reconstruction</a></li> <li>• <a href="#">Solution 2.10 Tips for Hiring a Contractor</a></li> <li>• <a href="#">Solution 2 Mobile Home Unit Repair Options</a></li> <li>• <a href="#">Fortified Construction Checklist</a></li> <li>• <a href="#">Fortified Roof Checklist</a></li> </ul> <p><b>Contractor Selection is the last status where the solution chosen on the application may be changed</b> prior to closing on the grant award.</p>	
<p><b>8 GRANT AGREEMENT &amp; EXECUTION</b></p> <p>After accepting their award, the homeowner will meet with the closing team to sign their grant agreement.</p>	<p><b>9 REIMBURSEMENT, REPAIR, RECONSTRUCTION</b></p> <p>Once the grant agreement is executed and depending on the homeowner's selected solution, the homeowner will be issued a reimbursement check and/or will be provided a grant award to repair or reconstruct their home. The allotted time for project repairs/reconstruction starts on the date the grant agreement is executed.</p>		

### Program Outreach

- The program’s mobile outreach team provides in-person support for homeowners completing applications in impacted areas throughout the state.
- Information on mobile outreach support locations or other outreach events hosted by the program can be found at [restore.la.gov/events](http://restore.la.gov/events).
