

Notice – Delay to 2024/25 Accounts Publication Date

West London Waste Authority have been unable to publish our accountability statements for the 2024/25 financial year by the publication date of 27 February 2026. The reason for this is that we are currently working with our external auditor and third-party accounting advisers to quantify the impact of correcting historic issues with the financial model used to account for the liability associated with our Waste PFI contract.

We acknowledge that we must publish our accountability statements as soon as is reasonably practicable.

As such, under the Accounts and Audit Regulations 2015, this notice is hereby given that the statement of accounts cannot currently be published. The accounts will be published as soon as reasonably practicable after the receipt of any report from the auditor which contains the auditor's final findings from their audit.

Ian O'Donnell

Section 73 Officer, Treasurer

West London Waste Authority
