

FR & Arc Class 1 Hi-Vis Boiler Suit

The latest in PPE and workwear, our Class 1 FR & Arc hi vis coveralls provide unrivalled levels of flexibility and protection, whilst delivering all the features for maximum accessibility whilst working.

The two tone Hi-Vis and navy feature-rich design includes large side pockets and openings, rear pockets, stand up collar, pam loops on chest, and covered chest pockets.

Product Highlights

Product Features

Chevron
Technology

Double Breast
Pockets & PAM Loops

Flexi-Gusset
Ankle Cuffs

Multi Pocket

Popper
Cuff Secure

Feature Details

Chevron Technology

Our chevron technology uses smart diagonal reflective tape to wrap around the body and arms to provide a higher level of style and safety for the wearer.

Popper Cuff Secure

We have provided popper cuffs on our garments to provide maximum levels of adjustability for added safety, and additional access to watches and other wearable technology.

Double Breast Pockets & PAM Loops

The double breast pocket ensures there is always room for your work items to be stored and accessed, and the PAM radio loop provides a handy way to hang your radio or gas detectors.

Multi Pocket

Pockets are a vital feature on the outer layers of FR & Arc flash workwear and PPE, and our coveralls and boiler suits provide multiple pockets that are easy to find, access, and close.

Full-Gusset Ankle Cuffs

Our flexi-gusset ankle cuffs are designed to maximise mobility and consistently increase the range of leg motion available to the wearer whilst working.
